

Allergy and Immunology

Assistant Professor/Associate Professor/Professor

Cincinnati Children's Division of Allergy and Immunology is seeking an exceptional BC/BE Pediatric Allergy and Immunology specialist to join our well established, rapidly growing division.

The ideal candidate possesses the following required qualifications:

- MD/DO and/or MD/PhD
- Allergy and Immunology Fellowship Training from an ACCGME-accredited program
- Board certified or board eligible
- Achievements in clinical excellence, research experience/productivity, leadership and/or education
- Ohio Medical licensure or eligible

The Division's Mission is to improve the health of children with allergic and immune conditions through innovative research, outstanding clinical care and education of the current and next generation of leaders in healthcare and research.

Cincinnati Children's is the largest pediatric research institution in the Mid-west and internationally recognized referral source for the diagnosis and treatment of eosinophil esophagitis, food allergies, asthma, allergy and primary immune-deficiency diseases. With an active allergy program of 15 clinical physicians treating children from around the world The Division has a major role in the education of clinical fellows/ research fellows and the training of medical school residents. We have a powerful multidisciplinary infrastructure that actively collaborates with other disciplines to ensure the best clinical outcome for our patients.

Cincinnati Children's is #3 in pediatric research grants from the National Institutes of Health and ranked #3 in the country for the seventh consecutive year in U.S. News & World Report's 2017-2018 Best Children's Hospital survey.

Cincinnati has all the amenities of a large city including fantastic restaurants, professional sports teams, nationally acclaimed performing arts, ballet, and orchestra with a small town feel. The Tri-State area residents enjoy a wide variety of year-round outdoor activities. The region also has some of the highest-rated community schools in the state as well as multiple colleges and universities. For more information, visit <http://cincinnatiusa.com/>.

Interested candidates should send their curriculum vitae and letter of interest to:
