

STRIVE

Short-Term Research Initiative for Visiting Educators

SHORT-TERM RESEARCH INITIATIVE FOR VISITING EDUCATORS (STRIVE) PROGRAM

STRIVE is a summer program designed as a mutually beneficial opportunity for PhD-level faculty from minority-serving institutions to partner with UVA Comprehensive Cancer Center members to engage in collaborative research.

- 4-6 weeks of immersive research at UVA
- Research opportunities in basic, clinical, translational, and population science
- Professional/career development activities
- \$900 weekly stipend, lodging, and travel costs provided
